

Index

Note that you can download the PDF file for this book from www.hentzenwerke.com (see the section “How to Download the Files” at the beginning of this book). The PDF is completely searchable and will provide additional keyword lookup capabilities not practical in an index.

A

- ability levels, 119
- access methods, multiple, 44
- AccessAbility Special Interest Group, STC, 192
- accessibility
 - considerations, 139
 - criteria, 44
 - definition, 201
 - problems, 154
- acronyms and abbreviations, 150
- Adobe FrameMaker, 187
- Adobe Photoshop, 188
- alternatives
 - describing, 118
 - to graphics, 44
 - too many, 76
- always on top, 125
- always open help window, 121
- ambiguous wording, 86, 129, 155
- analysis-based editing, 144
- analyzing usability test results, 165
- annotations in compiled help, 21
- Apple Macintosh help systems, 186
- artificial tasks, 28
- assumptions, 73
- attitudes of users, 119
- audience analysis
 - categories of users, 26
 - characteristics of audience, 23, 118
 - checklist, 210
 - example, 25
 - information gathering, 23
 - needs of novices to experts, 117
 - questions audience might ask, 32
 - stage of planning, 3
 - stereotyping, 24
 - techniques, 23
 - user-task matrix, 29
- Author-It, 187

B

- Barnum, Carol M., 196
- Becker, Joseph, 194
- beta software, 10, 201
- Boggan, Scott, 191
- Bonura, Larry S., 195
- bookmarks, 43, 109, 201

- branching procedure, 130
- branching within a topic, 76
- breadcrumbs, 114
- Brierley, Sean, 193
- Browse buttons, 112
- browse sequences
 - checklist, 213
 - definition, 201
 - navigation aid, 43, 120
 - using, 111
- browser problems, 83
- browser-based help systems, 186
- browser, definition, 201
- Buehler, Mary Ann, 144, 198
- bullet lists, display problems, 154

C

- capitalization, 149
- categories of information, 119
- categories of users, 26
- caution notices, 150
- changes, prioritizing, 155
- characteristics of audience, 23
- CHM, 201
- Cline, Dana, 194
- coaches, 42, 122, 215
- colors
 - choosing, 44
 - poor use of, 153
 - using, 110
- common problems, avoiding, 128
- compiled help, 21, 201
- complex procedures, 129
- Component One, 187
- comprehensive editing, 145
- compress, 201
- conceptual help, 40
- conceptual topics, 41, 48
- conditional help, 125
- content of topic types
 - description, 48
 - examples, 176
 - reviewing checklist, 214
- context information
 - in text, 114
 - overview, 103
 - reviewing, 115
- context numbers, 134, 202

- context-sensitive help
 - definition, 202
 - level of linking, 134
 - log, 68
 - not provided, 72
 - solving problems, 136
 - Web pages, 139
- conversion problems, 83
- copyediting
